

## **Woking School Library News**

Would you like to read some library books?

Well, the Woking School Library can accommodate that!

Please contact Mrs. Hardy if you would like to check books out of the library (780-774-3932). Most of you know the genre of books that interest you, or an author or book series that you are following. Books will be selected and put in a bag outside the main doors for you to pick up. The loan period will be the usual two weeks, but that can be extended with a simple phone call to Mrs. Hardy. A student may choose up to four books per two week loan period. When returning books, please put them in a bag with your name clearly marked on it, as the bag will be put into quarantine for five days before the books are re-shelved. Please leave the bag of returned books outside the main entry doors.

This process may need to be tweaked as time goes by, but we want to encourage everyone to continue reading, so we will start with this basic process. Looking forward to hearing from you!
