November 10th -16th - Métis Week

Métis Week Poster 2019

Métis Culture Cards

MÉTIS CULTURE CARDS

Métis Fiddle

The Métis fiddling style was developed in Western Canada and incorporated many Indigenous rhythms, but was heavily influenced by music brought from the European fur traders. The Métis fiddle is played with a bounce in the sound, which is not common to hear in any other style of music. This type of playing makes the music less choppy and regimented, and very easy to dance to.
